ADAMIK SPEED 65 XL

Parameters	Unit	Value
ADAMIK SPEED 65 XL		
Tape thickness	mm	0,4 - 3
Workpiece thickness	mm	12 - 65
Temperature	°C	120 - 200
Pre-heating time	min	8
Feeding speed	m/min	0 - 3,5
Voltage	V/Hz	230/50; 110/60
Total Power	W	800
Glue pot capacity	g	450
Weight	kg	8,9

ADAMIK SPEED 65 XL set

ADAMIK SPEED 65XL set includes :

- Portable edge bander ADAMIK SPEED 62XL
- Trimmer DEG-308 with support base f or straight and contour trimming
- Clamp for holding the workpiece using compressed air
- End cutter for straight and contour edges
- Fixing plate

STEPLESS SPEED CONTROLLER

GLUE POT CAPACITY 450 G

ADAMIK R.A.M.B.O.

Parameters	Unit	Value
		ADAMIK R.A.M.B.O.
Tape thickness	mm	0,4 - 3
Workpiece thickness	mm	12 - 62
Temperature	°C	150 - 200
Pre-heating time	min	12
Feeding speed	m/min	0 - 12
Voltage	V/Hz	230/50; 110/60
Total Power	W	1280
Glue pot capacity	g	500
Weight	kg	4

ADAMIK R.A.M.B.O. set

ADAMIK R.A.M.B.O. set includes:

- Portable edge bender ADAMIK R.A.M.B.O.
- Trimmer DEG-308 with support base for straight and contour trimming
- Clamp for holding the workpiece using compressed air
- End cutter for straight and contour edges

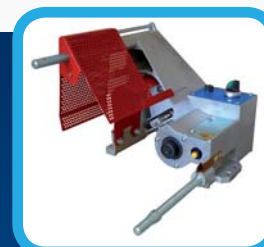

GLUE APPLICATION TO BOARD

GLUE POT CAPACITY 450 G

CORDLESS OPERATION

ACCUMULATING STATION

TRIMMING MACHINE FINAL

Type - double sided
Cutter - R2 (R3 on request)
Workpiece thickness 10-40mm
Tape thickness - 0,5 - 3mm
Voltage 230 V

TRIMMING MACHINE DEG-308

Type - single sided
Cutter - R2
Tape thickness - 2 mm
Voltage 230 V

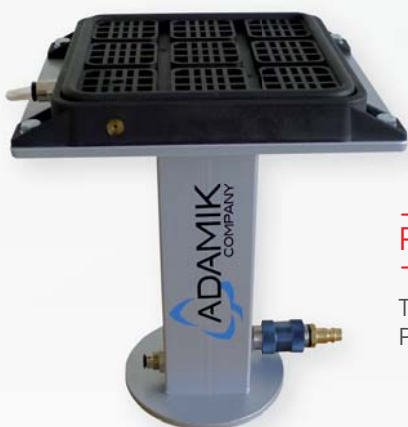

POWER CLAMP VC-4

Type - single sided
Powered by compressed air

POWER CLAMP VC-5

Type - double sided
Powered by compressed air

POWER CLAMP KIT PCK-4

Type - With stand and switch
Powered by compressed air

GUILLOTINE FOR END CUTTING

Max. thickness x width edges 2 x 65 mm
Max. thickness x width edges 3 x 40 mm
For straight and curved workpieces
